

Joann and I will be facilitating a play time making "mosaics". For reference please bring the Quilted Symphony book (pgs. 48-55) and if you have it, Quilting Arts A/S. 2016 (Issue 82) pg. 60-62. There are tons of great pictures of mosaic tiles on Pinterest if you'd like to check them out before coming to give you ideas for a design.

Also bring with you:

- a small work surface such as thick cardboard or foam core
- a rotary cutter and small cutting surface
- (if you have it) a 3/8" or 1/2" cutting guide
- a simple line design for a pattern no larger than 8 x 10"
- various batik fabrics in colors for your design
- ruler with markings to use with rotary cutter
- a contrasting or "grout" fabric to be the base layer for your mosaic (you may like to try a light and dark fabric)
- scissors
- muffin tray or small cups

We will bring irons and some other supplies.

Ann and Joann
